

SELF-CLOSING EXPANDABLE BRAIDED WRAP

PART NR.
See dimensions table

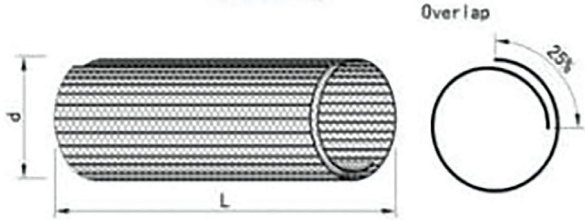

COUNTRY OF ORIGIN
China

STANDARDS
REACH and RoHS compliant
Flammability: VW-1
UL listed

CHARACTERISTICS

- Our self-closing braided wrap sleeve is an expandable sleeve, woven from monofilament (weft) and multifilament (warp) polyester yarns
- It offers innovative solutions for the protection of breakout areas, and allows easy removal when inspection or maintenance of cables is required
- The special open structure makes it possible to be installed after other components, such as copper terminals and connectors
- A strong resilience protects wires and cables properly, and provides exceptional flame resistance at the same time.
- It's ideal for application in wire harness, automatic equipment, railways and general manufacturing industry, where wires and tubes need a tough and durable protection
- Cutting tool: hot knife
